

Declaration of Conformity

Exergen Corporation declares that, to the best of our knowledge as of September 1, 2021, the final product(s) listed below do(es) not contain any restricted substances above the threshold value defined by the European Union's Restriction of the Use of Certain Hazardous Substances (RoHS) Directives 2011/65/EU (RoHS II) and 2015/863 (RoHS III).

All IRT/c, IRT/c.06-EM sensors, XMTR and SnakeEye products.

Please note that this information is based off of the data and information provided by our suppliers and is declared by Exergen Corporation in good faith. Exergen Corporation does not conduct testing for non-conforming substances, and as such makes no claims as to the accuracy of this information.

This Declaration of Conformity (D of C) is based on the RoHS Declarations of Conformity received from Exergen Corporation's component suppliers. Exergen makes every effort to ensure the correctness of supplier Declarations of Conformity and accepts not responsibility or liability as a result in inaccuracies of component supplier's declarations.

Exergen uses lead-free solder in the assembly of its products.

Exergen remains dedicated to ensuring a continued and successful implementation of this program.
